FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

Case No. 03-27 (4600 Brandywine Associates, LLC)

THIS CASE IS OF INTEREST TO ANC 3E

On July 22, 2003, the Office of Zoning received an application from 4600 Brandywine Associates, LLC (the "Applicant") requesting consolidated review and one-step approval of a planned unit development ("PUD") in order to develop a mixed-use, primarily residential project. The Office of Planning provided its report on February 27, 2004, and the case was set down for hearing on May 10, 2004. The Applicant provided its prehearing statement on August 4, 2004.

The subject property consists of approximately 12,661 square feet of land area and is located at 4600-4614 Wisconsin Avenue, N.W. (Square 1732, Lots 817 and 820). The subject property has frontage along Wisconsin Avenue and Brandywine Street and is currently occupied by Babe's Billiards and an adjacent building that includes a dry cleaners, tailor shop, and a small office. The property is located in the C-2-A Zone District.

Consistent with the PUD guidelines for the C-2-A District, the project will include a total of 37,983 square feet of gross floor area, will have a total FAR of 3.0, will be approximately 65 feet in height, and will occupy 60% of the Subject Property. The residential portion of the project, consisting of 42 (including one "affordable" unit) one and two bedroom condominium units accessed from Brandywine Street, will include approximately 36,333 square feet of gross floor area. The non-residential portion of the project will include approximately 1,650 square feet of neighborhood oriented retail space along Wisconsin Avenue focused at the corner of Wisconsin Avenue and Brandywine Streets. The proposed project will also provide 4,600 square feet of residential recreation space in a landscaped courtyard in the rear yard of the Subject Property that will be available to all residents of the project. The project will include two parking levels below grade, including 44 parking spaces that will be accessed from Brandywine Street. The project has a two-story base and has been broken into three distinct elements to sensitively contribute to the existing context of the neighborhood and provide a better transition to the pedestrian scale of the retail frontage. Extensive hardscape and landscape elements, such as decorative paving, terracing, and planting, at the ground floor contribute to a vibrant streetscape for Wisconsin Avenue and Brandywine Street, while the building's rich palette of materials, including brick, precast concrete, glass and metal, also elevate the level of finish in the neighborhood streetscape.

The Applicant contends that the proposed building and use is not inconsistent with the *Comprehensive Plan for the National Capital*. The architects for the Applicant are Cunningham + Quill; the land use counsel is Shaw Pittman, LLP
